

# SCHEDULE OF PHARMACEUTICAL BENEFITS

The Schedule of Pharmaceutical Benefits lists the medicines available under the Pharmaceutical Benefits Scheme, and explains how they can be used in order to be subsidised. The Scheme has been operating for over 50 years, and provides access to all people in the Australian community to necessary medicines.

The Schedule provides important information including a summary of changes to listed items, which medicines are included or excluded from benefit, whether restrictions apply to medicines and how much patients should pay including price premiums for particular brands where applicable.

The Schedule is published three times a year, effective 1 August, 1 December and 1 April each year.

Doctors in private practice and approved pharmacists receive complimentary copies by mail. Additional copies of the Schedule are available and can be ordered singly or on a subscription basis by completing the Order Form below.

**PLEASE SEND ME THE ITEMS LISTED BELOW**
